

Hi Poss,

Just a quick message to say THANKYOU to your staff for such a lovely job for our wedding on Saturday!!! The food was beautiful and your staff so helpful and calm.....

We had a few logistical hiccups getting everyone out to the hall and I felt a bit stressed by the time I got there...and what a relief to arrive and find all my guests were enjoying the finger foods, had drinks and were being completely looked after!!!

Your staff were fantastic to being able to allow for some time changes from my original 'plan' (which pretty much went out the window after the ceremony...). Having once worked in hospitality myself I always appreciate when wait staff can have such a great feel for things, to be able to walk around the room and know who may be needing things, and to respond to eye contact!!...and every time I looked around to ask something or get something...one of your staff were there to help!!!

Everyone was amazed at how beautiful the food was...and we had quite a bit left over which were put on to some spare plates for us and kept us sustained through the night!!!!

So thanks for a great night!!!!

Rebecca
